

1973

The first organizational meeting of a Plano radio club was held Saturday afternoon, April 7, at 3 p.m. at the QTH of Carole and Bill Allen, W5NQQ and R. Those present were Bill Newlan, Dick Sanders, Bill Swan, Harry Johnson, Jack Freeman, Carole, Jane and Bill Allen.

The formation of a club was discussed and the purpose. The group felt a club should create interest in and promote amateur radio and be social in nature.

Dick Sanders volunteered to work on a membership list with all present asked to call him submitting names of hams who would be interested in a club.

Various subjects were discussed such as possible dues, meeting places, officer election and rotation, budget and constitution. Bill Newlan offered to investigate the places available to meet. The Allens, Harry, Dick and Jack will work on a constitution. Bill Swan will work out a possible budget. Anyone wanting to find one of the group on the air might check 7260 around 9 p.m.

The meeting adjourned with plans for another at the QTH of Dick Sanders on Thursday evening, April 12.
